

the future begins here
BOKAMOSO YOUTH PROGRAM

MAPITSO KINAMELA

My name is Mapitso Kinamela, I live in Winterveldt. I am 23 years old of age. I receive scholarship at Bokamoso Youth Center.

I study Human Resource Management at University of South Africa (UNISA) in Pretoria and it is a 3 year Diploma course.

My biggest challenge is that I can't afford to buy prescribed books for my modules and sometimes I lack money for transport to go and submit my assignments. But I submitted all assignments and I am doing very well. I wrote a test last semester and I performed very well.

Now I got a timetable for this semester's exam. I will be writing my exams soon.

Thanks to Bokamoso and America for the scholarship they are giving to me.
